

April 2023 (beta launch)

MEV-Share Protocol Specification

<https://github.com/flashbots/mev-share>

mev_ RPC endpoints

New endpoints added to Flashbots bundle relay (relay.flashbots.net):

- mev_sendBundle - send bundles with a [new format](#), enabling modular privacy settings and sets the stage for future innovations
- mev_simBundle - simulate bundles in the context of MEV-Share using the new format.

SSE Event Stream

Events containing one or more transactions with varying data shared via hints, broadcast via SSE stream.
